Chiayi County Government  
 Regulations and Instructions for  
 Application to Wireless Internet account

Instructions for application:  
 The user should prepare a copy of an ID (National ID, driver license and etc.) then complete the application form at the main entrance of the County Hall or Labor Center of the Social Affairs Department.. The Internet service will be activated immediately after the service personnel have finished registering the application form.

Regulations:

1. The user should follow the international code of conducts on Internet usage; no hacking activity is allowed on the Internet, no behaviors obstructing justice, the social customs, public regulations and law is allowed. If any misconduct, the County Government will terminate the usage without further notice.
2. Users have to prepare their own computer equipments.
3. Each user can only apply for one account. The account cannot be transferred nor sold under any circumstances. The County Government will terminate the service if information provided for registration by the user is incorrect.
4. If the user notices any abnormality on their account or password, indicating possible theft of their account, contact the County Government immediately. The County Government holds no liability for any damages caused by account thefts.
5. The County Government will maintain the system and keep the service working. Any system problems occurred would be resolved as soon as possible. The County Government assumes no responsibilities for any damages or losses caused by the inaccessibility to service.
6. The Wireless Internet service is available within the County Hall and Labor Center of the Social Affairs Department.
7. The SSID of the Wireless Internet is: **cyhgar**

Attention: Please read through the instructions before filling up the application form. All applications with missing information will be rejected.
